SUMMARY

- Hello,I'm Avinash Kirkat, a 2022 mechanical engineering graduate with a strong passion for IT. Proficient in JavaScript, ReactJS, MySQL, Core Java, HTML5, CSS. Eager to apply my diverse skill set in a dynamic work environment to contribute to innovative solutions and drive technological advancements.

- I have completed the PG-DAC course at C-DAC in the 2023-24 batch and am eager to apply the knowledge I've gained.

PROJECTS

E-Commerce Website   GitHub

- Stack Tech :- JavaScript,ReactJS, HTML, CSS.
- Utilizing a combination of JavaScript,ReactJS, CSS, HTML. I developed a dynamic and user-friendly e-commerce shopping website.
- Utilized React to build reusable components and efficiently manage state, enabling seamless rendering of dynamic content such as product listings, shopping carts, and user profiles.
- Implemented a shopping cart system with features like adding/removing items, updating quantities, and calculating total prices in real-time, enhancing the overall shopping experience.
- Implemented responsive design principles using CSS to ensure optimal viewing experience across various devices, including desktops, tablets, and mobile phones.
- Conducted comprehensive unit testing and integration testing to ensure the reliability and stability of the application

My PortFolio Website   GitHub
